

Carry the Torch

Carry the torch and spread God's light
 There's so many who've never heard
Carry the torch and spread God's light
 Come on kids, let's stand for God's Word.

**It's not always easy, doing what's right
Fighting the darkness, sharing the light.**

Carry the torch and spread God's light
 There's so many who've never heard
Carry the torch and spread God's light
 Come on kids, let's stand for God's Word.

**Serving the Savior, helping the lost
Following Jesus, no matter the cost.**

Carry the torch and spread God's light
 There's so many who've never heard
Carry the torch and spread God's light
 Come on kids, let's stand for God's Word.
 Come on kids, let' stand for God's Word.

Carry the torch and spread God's light
Carry the torch and spread God's light
Carry the torch and spread God's light!
